JUNIOR ASSOCIATE – CORPORATE & COMMERCIAL LAW

LEX CARIBBEAN ATTORNEYS-AT-LAW

Lex Caribbean is seeking a Junior Associate to join our Corporate and Commercial practice in Barbados. This is an excellent opportunity for a motivated early-career attorney to build a foundation across cross-border financing, regulatory work, mergers and acquisitions and corporate maintenance within a regional practice.

About the Role

You will work alongside other attorneys on a varied caseload, gaining hands-on exposure to sophisticated cross-border matters while developing the technical and practical skills needed for a long-term career in corporate law.

Key Responsibilities

- Assist with the structuring and documentation of cross-border financing transactions, including preparing security documents and advising on related requirements
- Support regulatory compliance work, including liaising with local and regional authorities
- Undertake due diligence and drafting on M&A transactions, including reviewing corporate records, drafting transaction and ancillary documents and coordinating and completing closing mechanics
- Manage corporate maintenance matters for a portfolio of local and international clients, including preparing annual filings and UBO declarations, preparing minutes and resolutions in lieu of writing, maintaining statutory registers and other statutory documents
- Conduct legal research and prepare memoranda on corporate and commercial law issues
- Liaise with clients, instructing counsel and regulatory bodies as required

Requirements

- Admitted to practise law in Barbados (or eligible for admission)
- Strong academic credentials with a genuine interest in corporate and commercial law
- Excellent drafting, research and analytical skills
- Strong organisational and time-management skills, with the ability to manage multiple matters and competing deadlines with attention to detail
- Strong interpersonal skills and a collaborative, team-oriented approach
- Operate collaboratively, in a team-based environment, while being comfortable, as a self-starter, to work independently where required
- Prior exposure to corporate law, whether through an internship or otherwise, is an asset but not a requirement. Candidates eager to learn are encouraged to apply

What We Offer

- Direct mentorship from experienced corporate attorneys, including the head of the group who is also the firm's Managing Partner
- Exposure to complex, multi-jurisdictional transactions
- A collegial, growth-oriented working environment

To Apply

Please submit a cover letter, CV and academic transcript to human.resources@bb.lexcaribbean.com by **18 October 2026**.

Lex Caribbean Attorneys-at-Law is an equal opportunity employer.
